## What an incredible summer!

Hey, Ridgecresters!

Boy, what an incredible summer we had this year. The evaluations have come in, and it sounds like you all really liked camp! We had an awesome summer, and God really blessed us with a great staff and some wonderful campers. Thanks for being a part of that.

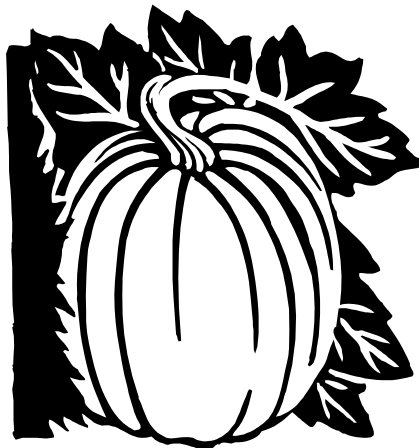

We've been praying for all of you that have been affected by the hurricanes. We've had plenty of weather problems at camp as well. The Ridgecrest area got particularly hard hit with rains from the remnants of three of the hurricanes. We've had around 30 inches of rain in the past month! Because of the rain, we've had lots of washed out roads, and are having to redo some

of them and some bridges.

Don't worry. We'll have it all in tip-top shape when you get back this summer.

Chris is busy planning lots of fun activities and programs for you guys this coming summer. We'll tell you more about it in coming issues of the Redskin.

Until then, take care, and let us hear from you! We like keeping up with what God is doing in the lives of our campers and staff. Keep that Ridgecrest spirit alive!

## Early Registration Deadline -- November 15, 2004

Our early registration deadline this year is November 15. We expect some of our sessions to be filling by the end of the year. Register by November 15, and:

— You'll save your parents \$150.00 on the initial deposit. The deposit for camp is normally \$300.00, but until November 15, it's only \$150.00. The total cost of camp is the same, but you'll save a little up front!

— You'll assure yourself a place at camp. If you register by then, we'll make sure you get into the session you choose. If you need to change later, we'll do our best to work that out as well.

## From the Prayer Room

What a fall we've had in this part of the country. Many of us have endured four hurricanes, either directly or indirectly. Those in Florida and Alabama experienced the high winds and heavy rains. Those of us above Florida have experienced heavy rains and flooding. Many of us were without power or water for extended periods of time, and even students were ready to get back to school when they reopened.

It really makes us stop and

think of how fortunate we are and how much God has blessed us with. When we have to do without water or power for a few days, or weeks in some cases, we can experience a little of the trials that many people around the world go through every day of their lives.

What can be the lessons learned from the bad weather we have had?

- 1) God has blessed us greatly. Take time to thank Him for all that He has allowed us to have.
- 2) There are many in this world that have much less than we have. Are you giving money and time to

causes that help the less fortunate? If not, pray that God will help you to do this.

- 3) A close relationship with Jesus, family, and friends are the most important things that we have. During the bad weather and the aftermath, you probably were closer to your family and friends than you have been in a while. Hopefully, you spent a lot of time with Jesus as well. These are the things that matter in this world... and the next. Take time to spend time with God, with your family and with your friends.
